

ONOFREI, Alexandr, GUJA, Anatolie. Codul vamal și drepturile de import al Republicii Moldova. In: Paradigme moderne în dezvoltarea economiei naționale și mondiale: conferința științifică internațională, 30 - 31 octombrie , Chișinău, 2020. pp.130 - 135. ISBN 978 - 9975 - 152 - 70 - 9.

During the last years of activity, the customs authorities have registered a continuous and stable development, perfecting their forms of activity, mastering modern technologies, applied internationally. In the state border crossing points, new offices of customs offices with a contemporary infrastructure were built, optimal conditions were created, which allow the organization of the work of customs employees at a higher quality level. The major result of this period consists in the fact that in the Republic of Moldova the customs activity has obtained permanent social status, it has managed to form a team of customs specialists, able to fulfill at the level of requirements the whole range of tasks of customs.
